Inserts with newly added individuals will be distributed each morning as needed.

Church Planting Conference Needs List

This booklet provides information about church plants, church restarts/salvages, and church helps ministries regarding where to send support, the name of the work being started, what their specific needs are, and their sending church.

Doctrinal Agreement

Each individual or ministry listed in this booklet has indicated their agreement with the following doctrinal positions:

The King James Bible is the only version to be used for English-speaking people.

The individual registering is Baptist, and stands in the Baptist position only.

The church being planted is/will be Baptist in both name and doctrine (not a 'Bible church', 'non-denominational', etc.) for as long as the individual registering remains the pastor.

Only authentic, New Testament Baptist churches have the authority to start churches, and the individual registering is being sent out under the authority of such a church.

Only two ordinances were given to the church: Baptism and the Lord's Supper.

Baptism should be administered by immersion, only to saved individuals, and only by an authentic, New Testament Baptist church.

The Lord's Supper can only be administered by a church, and only to members of that local church (closed communion).

I am a member of an independent Baptist church, and only help independent Baptist churches. (This statement applies to Church Helps ministries.)

Financial Giving

Commitments made during the conference can be given directly to the individual. Givers may also choose to keep track of their commitments throughout the week and write a single check to Heartland (accompanied by a detailed list of how the funds are to be distributed) at the end of the conference. Checks can be given during any offering or placed in the collection box located at the center exit.

To facilitate designation and distribution of offerings, envelopes are available in offering baskets and from ushers. Undesignated offerings will be distributed equally among the church planters who present from the platform just prior to the offering.

Online giving is available at heartlandbaptist.edu/donatecp. This option is available during and after the conference and allows for designation to multiple individuals at once.

Current Church Plants

For the purpose of this booklet, a current church plant refers to a brand new church (where one did not exist before) which started in the past two years or will start in the coming year.

NOTES

Lined area for taking notes, consisting of 20 horizontal lines.

Church Helps Ministries

For the purpose of this booklet, a church helps ministry refers to ministries that help existing churches in various ways, i.e., church building construction assistance, camp ministries, printing or graphic design aid, and many other types of helps ministries.

Church helps representatives' displays are located in the Biblical Preaching Center throughout the conference.
